US\$2,000,000.00

Attn: Email beneficiary,

COVID-19 RELIEF FUND DONATION.

You have been awarded the sum of US\$2,000,000 (Two Million US Dollars) as Covid-19 Economic Devastation Relief Package.

The COVID-19 pandemic marks an unprecedented time in modern history that will require the best of humanity to overcome. Our Global Donation will support immediate and long-term relief and recovery to vulnerable individuals, businesses and communities during one of the most challenging times we have collectively faced. The crisis has brought so many businesses, companies and small scale businesses to a devastating halt. It has threatened everyone's way of life, but it is especially difficult for people who are already vulnerable. Some people around the globe, especially migrants, wage workers, and those with flexible jobs and small scale businesses have already started feeling the devastating economic impact.

We have received Billions of Dollars from Donors to help in this poverty alleviation program. We have worked and will continue working with our partners on the ground to allocate funds where they're most needed. We believe that organizations that are deeply rooted are best positioned to lead long-term plans to stop COVID-19 and the devastating economic effect of the Global Lock-downs. Our funds have been delivered down to our distribution points and currently secured by the International Committee of Red Cross (ICRC) Vault Operations, Centurion, South Africa as you can see on the following website page:
